YOUR UNIQUE ROLE AS WOMAN IN OUR CHANGING TIMES

... WOMAN MUST COME OF AGE...

"Today a kind of planetary point of view has burst upon mankind. The world is rumbling and errupting in ever-widening circles around us. The tensions, conflicts and suffering, even in the outermost circles touch us all, reverberate in all of us. We cannot avoid these vibrations. For life today in America involves not only family demands but community demands, national demands, international demands on the good citizen. Woman must be a pioneer not only for her own salvation but for the salvation of family life, of society, perhaps even of our civilization."

Anne Morrow Lindbergh "Gift From the Sea"

MAPLEWOOD WOMEN'S FORUM
began as a four-week seminar
in the Fall of 1974 to ex-
plore the role of women, past,
present and future.

*Following the fourth session,
the response was not to dis-
band the forum but to contin-
ue as a group and pursue new
channels of rediscovering our
role as women in time of in-
creasing uncertainty, transi-
tion, and new possibility.*

*The forum is ever changing as
new faces appear. We feel it
to be an exciting group and a
great opportunity for women
to come together, to share,
to hope, to probe, to dream,
and perhaps to help create a
new future for ourselves, our
community, our world, our
children's children.*

*Come when you can or become a
regular member. Childcare is
provided. For further
information call 254-1140.*
