

**Purpose :**

The purpose of the Shantumbu Human Development Consult is to accelerate the already-ongoing development of Shantumbu by creating a comprehensive socio-economic development plan. This plan will launch the Shantumbu Human Development Project to demonstrate that both social and economic development must go hand-in-hand for effective community revitalization.

**Method :**

The Consult group will act as a single team using the common methods of comprehensive planning and effective education. By applying these methods of community revitalization the Consult will first chart the existing practical vision of the Shantumbu people. Secondly, they will discern the underlying contradictions restraining this practical vision.

Thirdly, they will use the methods to build overall practical economic and social proposals to deal with these contradictions.

Finally, the Consult will enable the Shantumbu people to build a set of tactical systems to implement these proposals.

The intent of the Consult is to help people of Shantumbu build a comprehensive human development model rising from their hopes and aims and to give them the practical tools and means to reach these hopes and aims.

**THE INSTITUTE OF CULTURAL AFFAIRS :**

The Institute of Cultural Affairs is a global research, training, and demonstration group concerned with the human factor in world development. ICA's social demonstration program interrelates social and economic actuation as well as planning. The pilot experiment for this program is the 5th City Project in Chicago, in the United States, now in its second decade.

The methods forged in 5th City are being applied to human development projects in Korea, the Marshall Islands, the Philippines, Australia, India, Kenya, and England.

**Zambia :**

Zambia, whose name derives from the Zambezi River which rises in the northwestern corner of the country, covers 290,566 square miles and consists for the most part of a high plateau averaging between 3,500 and 4,500 feet above sea level. The country is entirely land-locked and is bordered by Zaire, Angola, South-West Africa, Botswana, Rhodesia, Mozambique, Malawi and Tanzania. Zambia's total population is estimated at 5,000,000, with 54,000 of this total of European and Asian origin. Two-thirds of the population lives in the rural areas. The ICA understands the Shantumbu Human Development Project to be a contribution to the total development programme of the government of Zambia.
