UPTOWN CHICAGO, ILLINOIS

VOL. 5, NO. 5

FEBRUARY, 1980

IT'S A REVOLUTIONARY SWINGING SUCCESS!

More than 2,000 persons tripped the light fantastic on 1980's Valentine's Day at Uptown's sixth Annual Valentine Ball. Fourteen buses and six vans were kept busy transporting eager dancers from all across Chicago's Uptown neighborhood to the once famous Aragon Ballroom. (Built in 1926 at a cost of \$1,750,000 and designed to represent a Moorish palace, the Aragon was known for many years as "one of America's most beautiful ballrooms.")

Representing all ages, walks of life and ethnic groups, those who attended had one important thing in common—the desire to celebrate their love of community by giving their all to staging a truly gala affair.

They did just that and loved every minute of it. A key event of the afternoon's festivities was the historic debut of the new musical composition, *The Valentine Swing*. The number was written especially for the occasion and dedicated to Uptown by Don Sadofsky, who is director of the Revolutionary Swing Orchestra.

Broad community's support allowed the event to come off as planned. A number of area businesses helped sponsor the ball through donations of money, goods and services. Community agencies and residents contributed time and talent. This year alone, 27 organizations served on the Valentine's Ball Steering Committee worked long and hard for two months to ensure the ball's success. There were 34 policemen in attendance at the ball itself.

One person who served on the steering committee volunteered this opinion of the 1980 Valentine Ball: "This year was a time of more revolutionary changes than a new song. The attendance increased quite alot. The ball was spearheaded by the community itself. Of the six work forces involved in planning the event, four were chaired by people in our community, and the convener of the steering committee was a neighborhood resident. The ball was organized by the community belonged to the community and was made a swinging success by the community."

Or, as another participant put it, "It was fun; let's do it again!" Our heartfelt thanks to all who made it possible this year!!

ENVIRONMENTAL CAMPAIGN

It's happening again! Last year a wave of spring cleaning fever hit residents of this community in early May, with the happy result of areas of Argyle, Wilson, Montrose, Broadway and Kenmore Streets getting a good old fashioned going over. What a pleasant happening it was!

And it's happening again. Only now it's your chance to get in and get your ideas heard!

So if you care about the environment you live and work in, plan to spend a little of your time in late April and early May to make it new and nice. At this point, general plans are allotting two or three weekends in April and/or May. But we need interested people to help us decide where, when, what and how.

An *Environment Forum* is being scheduled to allow everyone interested to build and design the campaign plan. The Forum will be held on March 24, 1980. It will be in the Combined Insurance building at 5050 N. Broadway, from 6:00-10:00 p.m. Come have a sandwich and throw your suggestions in the stew.

Picture Uptown in the Spring; cleaned up, greened up and fixed up! What would it look like? Where would you do that? How should it be done? Well...Come on people! Let us know what needs to be done!

Uptown in May. Fresh as a spring flower. What a picture it makes!

Silent Servant

Celia Nemerow brings the news to Uptown.

Not every now and then. Not once a month, or even weekly. She brings news to Uptown daily—and that's seven times a week.

Celia Nemerow is the owner of the newsstand at the Lawrence El stop. Fifteen years ago Celia and her husband were looking for a good place to sell the news, and when they found the Lawrence El stop available, they grabbed it.

Now her days begin at 4:30 a.m., when the papers arrive for here to count and purchase. Then the challenge starts. If she doesn't sell enough, she'll lose money, or barely meet the cost of purchase. If the weather's good and the news is exciting, the papers will pay for themselves and help the Nemerow income. The challenge has to be met seven days a week, day in and day out.

Occasionally, however, a change of pattern occurs that makes a helpful difference. Sunday afternoons, for example. Newspapers aren't for sale on Sunday afternoons. Ms. Nemerow watches TV, visits her children, or snatches a few minutes to talk to friends. Or, as last winter, the news sales were temporarily moved inside the building. Despite the threat of a salesdrop, sales continued as usual, and being out of the freezing cold to sell her papers was a warm and welcome respite.

ANNOUNCEMENTS

• Do you have a noisy neighbor, trouble with a shopkeeper or customer over faulty goods or non-payment, or a dispute with your landlord or tenant? Instead of allowing the problem to worsen through inaction or hiring a lawyer and taking the matter to court, bring it to the Uptown-Edgewater Neighborhood Justice Center, 4753 N. Broadway, Suite 1122.

• JOBS AVAILABLE FROM U.S. CENSUS BUREAU

The United States Census Bureau will conduct the 1980 Census in the near future. Local residents are currently being hired for positions as enumerators and clerks. Applicants are required to pass a qualifying examination.

Persons interested should stop by:

U.S. Bureau of the Census District 2549
6162 N. Broadway Chicago, IL 60660

Testing is at 10:00 AM, 2:00 and 3:30 PM, Monday through Friday.

For further information, call Mr. Richard Ryan at 973-7321.

• EDGEWATER SENIOR CITIZENS CENTER

This month on March 14 the Center is using St. Patrick's Day to celebrate the Birthday Party, and have a dance at the same time. The Ruth Valle Group will provide live music for the occasion. Then on Monday the 17th (St. Patrick's Day) there will be the celebration of the Anniversary of the Nutrition Site in the building which began three years ago. The party will be sponsored by the Uptown 5 Guild of the Institute of Cultural Affairs which was a small part of the recent Valentine Ball Steering Committee.

The Mondays that follow St. Patrick's Day the Uptown 5 Guild will form an activity which will meet at 10 AM to discuss the future of Uptown and how Senior Citizens may play an active part in it. Tel: 271-8071

Her complaints about the job? Well, no, it is, after all, her choice of place to work and people to work with. But there are a few things she wouldn't mind shifting: the sound of the trains is a little loud; the cold makes work days seem so long; newspaper rip-offs and the fear of being robbed can build a body filled with ulcers.

If you have a chance, go by and buy a paper from Celia. Can't miss her. She's there seven days a week, and the sales go on for fifteen hours a day.

COMMUNITY RESOURCES

Need help with your 1979 Income Taxes? Specially trained law students at Chicago Kent College of Law have volunteered time to help the poor and elderly prepare their taxes. (A limited amount of help is available for the Spanish-speaking.) You must take your W-2 forms and tax forms, along with any other necessary documents, to the school at 77 S. Wacker—one block south and two block west of the El station at Madison and Wells. The students are working under the Volunteer Income Tax Assistance Program sponsored by the American Bar Association, the Internal Revenue Service and the Illinois Department of Public Aid. Those who wish help should call for an appointment between noon and 5 pm Monday through Thursday or between 9 am and 5 pm on Friday. Tel: 567-5975.

Snowed under by your winter heating bills? Help may be available at your local Community Service Center, 4554 N. Broadway. In order to qualify, you must pay a heating bill. You must also pass an income test. The maximum income allowed to qualify depends upon the number of people in your family, from one on up. As an example, if there are four in your family, your maximum income for 1979 would be \$8,375; if six, the maximum would be \$11,125. Age does not matter. The heating allowance for those who qualify is paid directly to the heating company, up to a maximum of \$300. (If you are on Aid and received \$200, your maximum would be \$100.) Take your proof of income for 1979 with you, or your medical card if you are on Aid. For further information, call 334-8200.

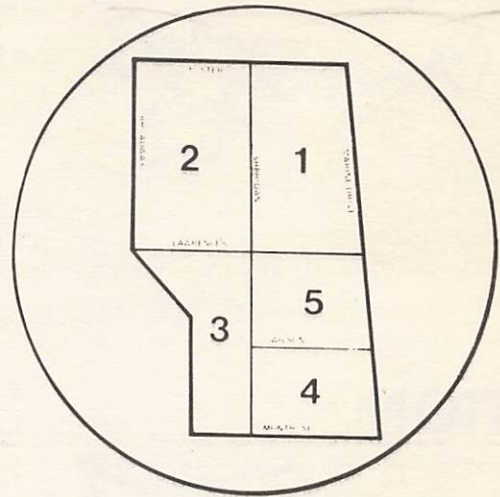

Need help with your welfare application or appeal or on any other problem with welfare? Help is available at no cost at the Heart of Uptown Coalition, 1222 W. Wilson. The volunteers there will assist you in filing an appeal, getting emergency aid, applying for welfare, etc. (Note that if you want to file an appeal, you must do so within 10 days of the notice of your aid being cut off in order to keep your check coming.) Someone is available to take your call between 9 am and 1 pm on Tuesdays and Thursdays. (An appointment can be arranged if you cannot come at this time.) Ask for Walter Tunis at 769-2085.

Crime. We're all potential victims. Want to do something? Throughout Chicago volunteer citizens work with the Beat Rep Program to help to improve police-community relations and work for crime prevention. If you or your group wants to organize a workshop on crime prevention, they can help with speakers and audio-visual aids. If you see a problem in your area but don't want to talk directly to the police, then tell them. If they can't help, they may be able to tell you who can. Each police district has a store front center. In Uptown, districts 20 and 24 are in the same office right now, at 7064 N. Clark, phone 744-7995 and 744-7996. The 23rd district office is at 955 W. Grace, 744-6434 and 744-6435.

CARE WARDS

Care for the neighbor in our time can only be met at the local community level. City neighborhoods around the world, like Uptown, are experimenting with structural ways of recovering community care.

What does a care network do?

- visits all the neighbors to spread the story that Uptown 5 is a great place to be global neighbors in action.
- discerns and meets the neighbors needs
- engages neighbors' interest in community activities
- 57creates community celebrations and local neighborhood care projects.

This geographic coverage was again used in the work of preparing for the *6th Annual Valentine's Ball*. A variety of residence centers, financial institutions, churches, senior citizens and other organizations and individuals, sold tickets to give everyone living in Uptown 5 an opportunity to acquire a ticket and participate in that great event.

Ward 1: Help! We need news from Ward 1. What's happening out there? **Ward 2:** Building improvements are taking place on Argyle and Kenmore, in the building which houses the Spend-Low grocery. **Ward 3:** On Broadway between Lawrence and Leland, Goldblatts store is repairing the roof. **Ward 4:** On February 29, the ground breaking ceremony was scheduled for Pensacola Place, at Montrose and Broadway, but the weather prevented the ceremony. **Ward 5:** Department of Health Uptown Neighborhood Center on Wilson and Hazel has been open 24 hours a day during the fire strike.

WHAT CAN I DO?

"I'm interested in my community. I do care about the people in it, and the environment that my family and I live in. But what can I do about it? How can I make a difference?"

Come to the UPTOWN GUILD meeting Tuesdays at 4:00 pm, 4750 N. Sheridan. Everyone from 12 to 102 is welcome and needed

STAND UP AND BE COUNTED! CENSUS IN UPTOWN

The Census! The Census! Everybody's talking about the Census. On March 28th, 1980 over 200 million Census questionnaires were mailed out all over America. And since mid-April, Census enumerators have been knocking on the doors of those who have not yet answered the Census questions.

What do they want with you?
Why answer?

Well how else can the nation allocate money to meet the needs of the people?

The Census happens once every ten years. In the last census many people mistakenly wouldn't answer, fearing their privacy would be destroyed, or public aid might be cut.

And so Uptown, particularly our minorities, were undercounted and so underserved.

Here are the facts: 1) The only thing your name and address is used for is to tell who has already answered the census. After that, information is stored on computer tapes, without any identification and your answer becomes one of thousands of faceless answers just like yours. 2) It is a felony for anyone to give out the information you send in like name and address, for 72

years after it comes in. It is punishable by 5 years in jail and a \$5,000 fine. 3) The people who come to your house are usually from your neighborhood. 4) Finally, the questions asked on the Census are no more 'personal' than the Public Aide forms or job applications. That's it. Your privacy is insured, even protected. And in return look what we have to gain-better jobs, services, education. So, answer the Census-the life you help will be your own!

TRUMAN COLLEGE offers help in Uptown's desperate hunt for more Vocational Training.

Project Mainstream, a vocational training program offering bilingual assistance and intensive English to Korean and Spanish speaking students is now registering students for the 1980 fall term.

PHIL ARENDT—A Friend in Deed—

When 5443 Winthrop burned on Feb. 7th, 1980, Phil, a neighborhood fire prevention leader, arrived at the burning home in time to save five lives. He spent the next day helping families locate missing members.

There is a man who lives in Uptown, just like me and you, who cares about people in Uptown. He finds it "exciting, real, with a great deal of comraderie, acceptance and warmth."

His name is Phil Arendt. He has the job of fire prevention program co-chairman; as well as president of Department of Human Services (DHS) Advisory Council, and he is a member of the board of directors of the Uptown Chicago Commission.

He gave an outstanding example of his care on Feb. 7, 1980, when he saved five lives from a disastrous fire at 5443 N. Winthrop. Then later followed up by helping to re-unite families seperated in the confusion.

Besides saving lives Phil works at saving buildings. Some of his hobbies are restoring doorplates, stripping wood, and sanding floors.

Phil Arendt is one man who cares about his community and the people he shares it with.

COMMUNITY RESOURCES AT YOUR SERVICE!

- **Want to cut your food bill?** Here are two ways that may help:
 - 1) The Heart of Uptown Coalition has a food cooperative that offers fresh produce, eggs, butter, cheese, canned foods and paper products at a savings. Member place orders for what they want on Tuesday and pick them up on Friday or Saturday. Membership costs 50¢ per month per family. For further information, call the coalition (1222 W. Wilson) at 769-2085 and ask for Mark Kaplan.
 - 2) There is a plot at Leland and Winthrop, about which you can get information from Debbie Kahn at Hull House (561-3500). Those who are going to garden the plot get together and co-operate in the management of some activities such as watering. Each person has his or her own space and grows what he or she wants, and some former members can give advice on what has grown well. Additionally, the Urban Garden Program (University of Illinois Agricultural Extension) plows the ground and can give advice.
- **Having trouble filling out your Census?** There are several walk in Assistance Centers available:
 - 1) Dept. of Human Services 4554 N. Broadway
 - 2) Bo- Sho- Nee- Gee 4420-22 N. Broadway
 - 3) Uptown People's Center 1222 W. Wilson
 - 4) Margate Field House 4931 N. Marine Dr.
 - 5) Native American Committee 4546 N. Hermitage

• **College information** is available through a toll-free number 800-972-7203 (admissions, requirements, majors, etc.). Or, you can go to the library and get information on schools from the College Blue Book. This 4 volume work describes schools, majors, degrees, etc. One volume details vocational schools and describes the many different fields available. Schools are also listed by state.

• **Do you have a noisy neighbor,** trouble with a shopkeeper or customer over faulty goods or non-payment, or a dispute with your landlord or tenant? Instead of allowing the problem to worsen through inaction, or hiring a lawyer and taking the matter to court, bring it to the Uptown-Edgewater Neighborhoods Justice Center, 4753 N. Broadway. Suite 1122.

Residents of Uptown-Edgewater and nearby communities, who have been trained in the skills of mediation by the American Arbitration Association, serve as impartial third parties to help disputants develop mutually satisfactory settlements to their problems.

Since this service is underwritten by foundation grants, it is free. Mediation sessions can be scheduled in the evening or on Saturdays, as well as during regular business hours. They may be conducted in Spanish and Japanese as well as English. Call us at 561-4721. We will contact the other party and schedule a mediation session if he or she agrees.

STAND UP AND BE COUNTED! CENSUS IN UPTOWN

The Census! The Census! Everybody's talking about the Census. On March 28th, 1980 over 200 million Census questionnaires were mailed out all over America. And since mid-April, Census enumerators have been knocking on the doors of those who have not yet answered the Census questions.

**What do they want with you?
Why answer?**

Well how else can the nation allocate money to meet the needs of the people?

The Census happens once every ten years. In the last census many people mistakenly wouldn't answer, fearing their privacy would be destroyed, or public aid might be cut.

And so Uptown, particularly our minorities, were undercounted and so underserved.

Here are the facts: 1) The only thing your name and address is used for is to tell who has already answered the census. After that, information is stored on computer tapes, without any identification and your answer becomes one of thousands of faceless answers just like yours. 2) It is a felony for anyone to give out the information you send in like name and address, for 72

years after it comes in. It is punishable by 5 years in jail and a \$5,000 fine. 3) The people who come to your house are usually from your neighborhood. 4) Finally, the questions asked on the Census are no more 'personal' than the Public Aide forms or job applications. That's it. Your privacy is insured, even protected. And in return look what we have to gain—better jobs, services, education. So, answer the Census—the life you help will be your own!

TRUMAN COLLEGE offers help in Uptown's desperate hunt for more Vocational Training.

Project Mainstream, a vocational training program offering bilingual assistance and intensive English to Korean and Spanish speaking students is now registering students for the 1980 fall term.

Students can register in one of the three programs: accounting, drafting, or data entry (includes key punch). Intensive English, advising and job placement services are also provided.

For more information, call or come to Project Mainstream, Truman College, 1145 W. Wilson, Chicago, Ill. 60640, Tel: 878-1700 x 2177. Rm 2229.

Silent Servant

PHIL ARENDT—A Friend in Deed—

When 5443 Winthrop burned on Feb. 7th, 1980, Phil, a neighborhood fire prevention leader, arrived at the burning home in time to save five lives. He spent the next day helping families locate missing members.

There is a man who lives in Uptown, just like me and you, who cares about people in Uptown. He finds it "exciting, real, with a great deal of comraderie, acceptance and warmth."

His name is Phil Arendt. He has the job of fire prevention program co-chairman; as well as president of Department of Human Services (DHS) Advisory Council, and he is a member of the board of directors of the Uptown Chicago Commission.

He gave an outstanding example of his care on Feb. 7, 1980, when he saved five lives from a disastrous fire at 5443 N. Winthrop. Then later followed up by helping to re-unite families seperated in the confusion.

Besides saving lives Phil works at saving buildings. Some of his hobbies are restoring doorplates, stripping wood, and sanding floors.

Phil Arendt is one man who cares about his community and the people he shares it with.

COMMUNITY RESOURCES AT YOUR SERVICE!

- **Want to cut your food bill?** Here are two ways that may help:
 - 1) The Heart of Uptown Coalition has a food cooperative that offers fresh produce, eggs, butter, cheese, canned foods and paper products at a savings. Member place orders for what they want on Tuesday and pick them up on Friday or Saturday. Membership costs 50¢ per month per family. For further information, call the coalition (1222 W. Wilson) at 769-2085 and ask for Mark Kaplan.
 - 2) There is a plot at Leland and Winthrop, about which you can get information from Debbie Kahn at Hull House (561-3500). Those who are going to garden the plot get together and co-operate in the management of some activities such as watering. Each person has his or her own space and grows what he or she wants, and some former members can give advice on what has grown well. Additionally, the Urban Garden Program (University of Illinois Agricultural Extension) plows the ground and can give advice.
- **Having trouble filling out your Census?** There are several walk in Assistance Centers available:
 - 1) Dept. of Human Services 4554 N. Broadway
 - 2) Bo- Sho- Nee- Gee 4420-22 N. Broadway
 - 3) Uptown People's Center 1222 W. Wilson
 - 4) Margate Field House 4931 N. Marine Dr.
 - 5) Native American Committee 4546 N. Hermitage

• **College information** is available through a toll-free number 800-972-7203 (admissions, requirements, majors, etc.). Or, you can go to the library and get information on schools from the College Blue Book. This 4 volume work describes schools, majors, degrees, etc. One volume details vocational schools and describes the many different fields available. Schools are also listed by state.

• **Do you have a noisey neighbor,** trouble with a shopkeeper or customer over faulty goods or non-payment, or a dispute with your landlord or tenant? Instead of allowing the problem to worsen through inaction, or hiring a lawyer and taking the matter to court, bring it to the Uptown-Edgewater Neighborhoods Justice Center, 4753 N. Broadway. Suite 1122.

Residents of Uptown-Edgewater and nearby communities, who have been trained in the skills of mediation by the American Arbitration Association, serve as impartial third parties to help disputants develop mutually satisfactory settlements to their problems.

Since this service is underwritten by foundation grants, it is free. Mediation sessions can be scheduled in the evening or on Saturdays, as well as during regular business hours. They may be conducted in Spanish and Japanese as well as English. Call us at 561-4721. We will contact the other party and schedule a mediation session if he or she agrees.
