## I. RESURRECTION SIGN

SOCIAL  
SITUATION

The Uptown community has an entrenched victim image about being able to alter its situation and the impossibility of groups working together to do anything constructive. Uptown residents, both churchmen and non-churchmen, have lost the deep life-giving power of the key celebrations in the life of the church.

MIRACLE  
DESCRIPTION

In order to cut through this, the miracle of a Resurrection Sign will be done. This will be a concrete transformation of the physical environment of the community dramatized during Holy Week. Publicity will include a secular story of the depth life meaning of Easter to reappropriate the life wisdom of the church.

NECESSARY  
STEPS

Pulling off this miracle will include engagement of other community churches and groups in the planning and implementation and will include co-ordination with the Guild regarding their space signs plans. Concrete task force assignments will need to be made to do the tasks of publicity, procuring necessary materials, and enlisting community participation. A dramatic celebration by the community of the creation of the sign will also be planned. Necessary authorization of city, church, and community groups will need to be done. One issue to be wrestled through early is the nature of the impact necessary for Andersonville and Uptown.

ANTICIPATED  
RESULTS

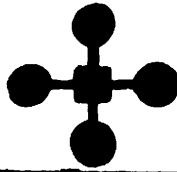

This miracle will ground resurrection as a social reality and demonstrate corporate power. This will break loose the possibility for the further recreation of the social environment of the community.

PRACTICAL  
NEEDS

Practical needs include authorization of necessary community and city groups, assistance of particular expertise, materials, and selection of sites.

IMPLEMENTATION  
TASK FORCE

The troops to do this miracle will be catalyzed from community churches and other local groups. The clergy collegium will act as catalyzing group for this. Involvement of wards will also be key.

## 2 . RS-1 FOR ALL

SOCIAL  
SITUATION

It is the rare churchman today who is clear about his vocational engagement as the church. A widespread RS-1 promotion would help to clarify every man's vision of what it is practically to be a churchman today.

MIRACLE  
DESCRIPTION

The miracle of having RS-1 for all will be possible through efforts in deciding the target areas and churches, creating a comprehensive recruitment plan, building a sponsoring and promotional model, and making a group presentation.

NECESSARY  
STEPS

The necessary steps are deciding on goals, involving others in the decision, enlisting sponsors and help in promotion (brochures), deciding on prospects, building a recruitment plan, providing for a status report, and coordinating the group presentation with the individual contact plan.

ANTICIPATED  
RESULTS

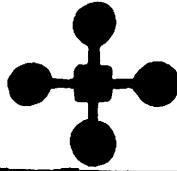

The anticipated result will be the goal for 5 RS-1 decisions from each of 8 congregations in the community.

PRACTICAL  
NEEDS

Practical needs include a brochure, recruitment pitch, timeline and design, visitors, chart for showing goals, registrar/reporter, practices of a group presentation, and a transportation model.

IMPLEMENTATION  
TASK FORCE

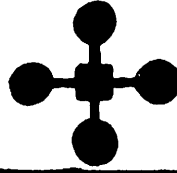

The implementing task force will be the Galaxy auxiliary, prospective Galaxy clergy, as well as RS-1 grads from the Uptown area.

3 . CONGREGATION ADULT EDUCATION

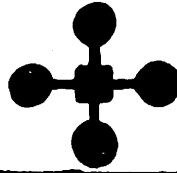

SOCIAL SITUATION	Laity do not feel the need for ongoing spirit education or see faith as a central dynamic for living. Adult education has stagnated and died.
MIRACLE DESCRIPTION	The miracle is revealing the depth spirit issues of local man and creating an adult educational situation to deal with these issues in a continuing manner.
NECESSARY STEPS	The necessary steps are analyzing spirit needs, creating an involvement plan, getting congregation authorization, developing the curriculum, creating a climate for adult education, recruiting 20 participants per church, training teachers, and planning the follow-up.
ANTICIPATED RESULTS	Twenty people will participate in limited study package and decide on the need for further study.
PRACTICAL NEEDS	We need teachers, course materials, participants.
IMPLEMENTATION TASK FORCE	This will be done by the Galaxy and church leaders.

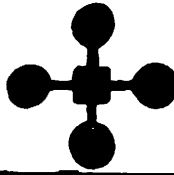

## 4. CLEAN-UP WEEK

SOCIAL SITUATION	The youth today have needs to appropriate their free time so that they may have a feeling of need in the community and consequent respect for contributions by the community. This miracle seeks to help youth to be engaged.
MIRACLE DESCRIPTION	In order to complete this sign, efforts must be made to contact various groups for support, to decide on a community sign and whatever curriculum would be used, to arrange for materials, and publicity, and to pick youth members as task leaders and contact any expertise help needed.
NECESSARY STEPS	The necessary steps include deciding on the sign and curriculum to be used, planning a timeline of steps, enlisting youth and/or expertise, contacting agencies or supportive groups, arranging for materials and publicity, and selecting a task force to head the project.
ANTICIPATED RESULTS	The anticipated result will be having Uptown youth engaged in a practical community sign.
PRACTICAL NEEDS	Practical needs include an analysis of a sign that would be a miracle, careful visits with agencies, promotional materials and funding, publicity, contacts with youth, and authorization for the event.
IMPLEMENTATION TASK FORCE	The implementing task force will be the Galaxy auxiliary, Guild core, community leaders, and engaged youth.

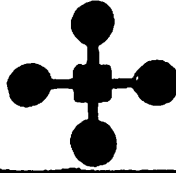

## 5. HOLY WEEK CELEBRATION

SOCIAL SITUATION	Church activities in Uptown have been isolated, individualistic happenings. For the most part they have dramatized the segmentation of the community rather than its unity. The depth power of Holy Week for every man has also been lost.
MIRACLE DESCRIPTION	In order to cut over against this situation, the miracle of a corporate community observance of key Holy Week activities is planned, intensifying participation in both joint and individual church activities.
NECESSARY STEPS	The necessary steps for implementing this miracle begin with exciting the clergy collegium with this possibility and enabling them to be the catalyst for getting the involvement of other churches. Actual planning of the specific events would then take place by the participating churches. Community publicity and engagement will also be crucial. Preparation of necessary materials and assignment of roles in the events would then take place.
ANTICIPATED RESULTS	This miracle will allow the translocation of religious symbols into social reality and a reappropriation of the power of Holy Week. A revitalization of the community's image of the church will also occur, as a spiritual source.
PRACTICAL NEEDS	Practical needs include devotion sheets, corporate liturgies, fliers, transportation models, clergy and church authorization, and an analysis of the history and existing Holy Week plans.
IMPLEMENTATION TASK FORCE	The implementing task force for this miracle will be the clergy collegium, acting as a catalyst, and the other community church, acting as the task forces.

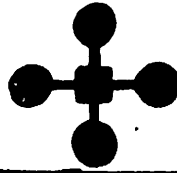

6. 5th CITY VISIT

SOCIAL SITUATION	There is a high degree of cynicism and victim image approach to the recreation of Uptown.
MIRACLE DESCRIPTION	To begin to offset this condition a visit by the clergy and 8 key laymen from 8 church from Uptown 5 and Uptown 2 would be the miracle.
NECESSARY STEPS	This will happen by taking the necessary steps of building a long-range nurture model, deciding who should be on the visit, developing a story of consensus to make the visit and arranging a travel and a visiting construct.
ANTICIPATED RESULTS	This will result in a new image of the black man and the Westside of Chicago, a new consciousness about possibilities for Uptown and a stronger relationship to the Ecumenical Institute and the self-conscious spirit movement.
PRACTICAL NEEDS	The practical needs are 5th City sotry materials, a funding model, transportation, and adequate pre-planning.
IMPLEMENTATION TASK FORCE	The implementing task force will be the clergy collegium, the Guild core and the Galaxy auxillary.

## 7. ICE CREAM SOCIAL

SOCIAL SITUATION	This miracle impacts the fragmented neighborhood situation. It challenges the isolation and powerlessness of the community. Also, it reimages outside space which has been given up by neighborhood members.
MIRACLE DESCRIPTION	The miracle is a visible celebration which re-creates an old tradition and involves community groups.
NECESSARY STEPS	The steps needed are accessing necessary groups and engaging them, developing a plan, assigning task forces, generating publicity and inviting groups.
ANTICIPATED RESULTS	It will be an event to remember and community groups will be energized for their tasks by the celebration.
PRACTICAL NEEDS	The miracle will need ice cream, the movie, 5 locations, leadership, and troops.
IMPLEMENTATION TASK FORCES	This will be started by the Galaxy, but implemented by the Guild and AYO.

## 8. 1975-1976 TOWN MEETINGS

SOCIAL  
SITUATION

There exists today a strong sense of socio-spirit passivity in our community which is sustained by the existing structures. This is particularly so in relation to the community's local interest in the 1976 Bicentennial Celebration.

MIRACLE  
DESCRIPTION

To shift this passivity, a miracle of town meeting plans in 1975 need to occur to plan for 1976.

NECESSARY  
STEPS

In order to do this the current planning needs to be researched, a creative time design of Uptown's objectives of 1975-76 must be built along with deciding the objectives and roles of Uptown, and city and civic organizations must be enlisted and sponsorship and publicity designated.

ANTICIPATED  
RESULTS

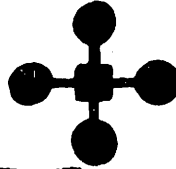

The anticipated results will be to affect a community self-consciousness about its potential role in the Bicentennial planning and about its own future.

PRACTICAL  
NEEDS

The practical needs are current information on local and national plans, involvement of local church, civic and business groups in thinking through the plans for 1975.

IMPLEMENTATION  
TASK FORCE

The implementing task force should include the clergy and lay representatives of Uptown 5 and Uptown 2, Ecumenical Institute representatives and select Uptown business people.

9. TWO FULL GALAXIES

SOCIAL SITUATION	Clergy, inspite of all their clergy groups, are isolated and perform essential tasks basically on their own. Ministry becomes a lonely and difficult job, lacking corporate power and thrust.
MIRACLE DESCRIPTION	The miracle is the breaking loose of clergy from their traditional patterns to involve them in a corporate enterprise which will excite them and enable their ministry.
NECESSARY STEPS	The necessary steps are planning clergy collegium study, involving congregational lalty, deciding target clergy and churches, recruiting for PLC, implementing an engagement model.
ANTICIPATED RESULTS	Eight clergy couples will join the Galaxy and two Galaxies will be formed, one in Uptown 5 and one in Uptown 2.
PRACTICAL NEEDS	We need a study plan, study materials, and PLC brochures.
IMPLMENTATION TASK FORCE	This will be done by the Galaxy.

Uptown Galaxy  
Tactical System

Tactic # 1

COURSE FOLLOW-UP DESIGNS

ENGAGING  
Arena HUMAN GIFTS

This tactic is out to engage human gifts by having grads visitation in order to re-ignite the excitement of past courses; by RS-I follow-up meetings in order to open up further engagement possibilities for the future; by inviting grads and select members to cadre meetings in order see significant engagement; and by visits to Centrum occasions in order to celebrate the on-going work around the globe.

WHAT	GLOBAL/LOCAL WHY	HOW	FORCES	STRUCTURE	WK.
GRAD VISITATION	Re-ignite excitement of past courses	Set up grad visitation	Galaxy	Grads	1-5
RS-I FOLLOW-UP MEETINGS	Open up engagement possibilities for new grads	Set up follow-up series	Galaxy	Grads (particularly new ones)	8,9
CADRE INVITATIONS	Demonstrate significant engagement	Invite key people to cadre meeting	Galaxy	Grads and select members and churches	2,4,6
VISITS TO CENTRUM	Celebrate on-going work around the globe	Invite grads to House Church, Ecclesiola and special celebrations.	Galaxy	Grads and select members	1,3,5,7,13
