

AREA BOMBAY COUNCIL
January 13 - 15, '82
CHIKHALE

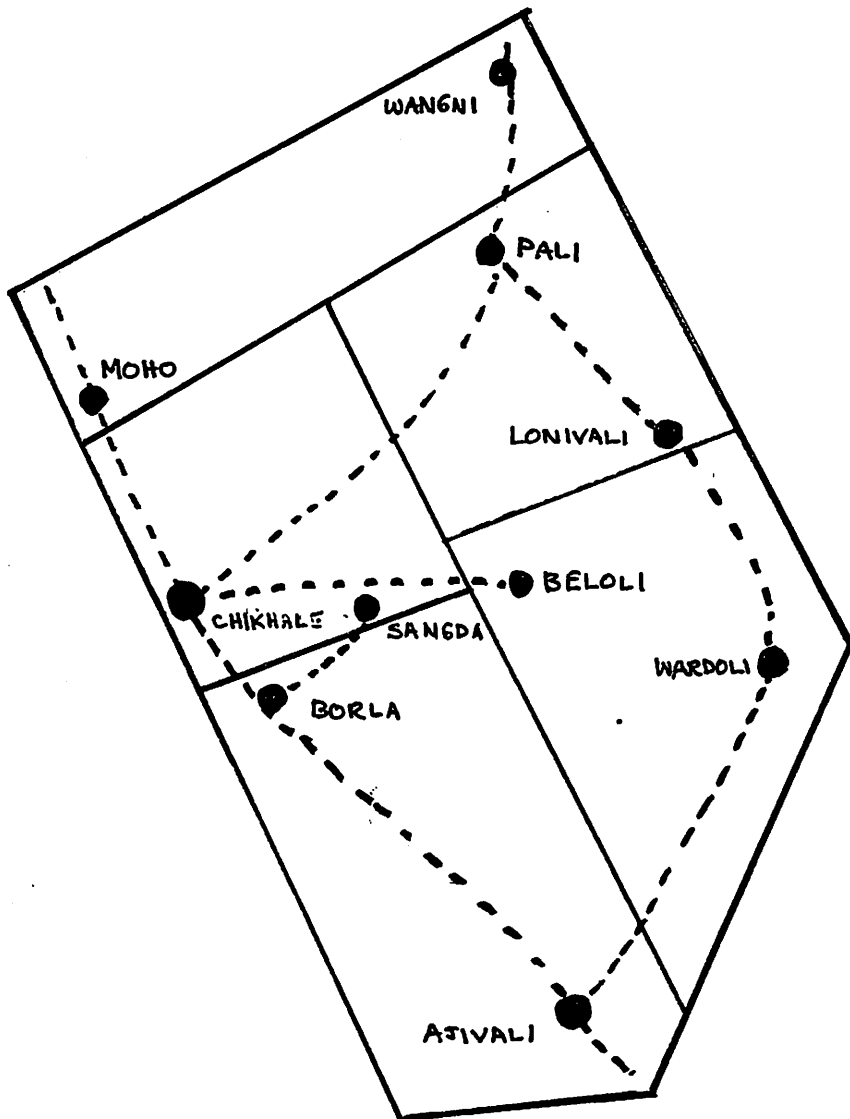

This I believe with all my
heart, if we want to make
the deserts bloom and
humankind grow to greater
dignity, we can do it.
- The General

LEARNINGS FROM AREA BOMBAY

- Provide training before sending the troops out:
- Residential cluster circuit is key to cluster actuation.
- There is money in Nagpur.
- Enabling engagement of women in community work accelerates social change.
- Regular newsletters informs and engages the four sectors.
- Project requires bold moves.
- Work with groups that are ready to move
- "Hand-out" image of development can be changed with use of imaginal education.
- Nobody else is going to recruit courses for us, we will have to recruit them ourselves.
- To do stakes visits to all houses is crucial.
- Using teaching village power to impact cluster.
- Create rhythm to sustain corporate groups.
- Keep the teaching village leaders always informed.
- Maliwada leaders working in cluster has powerful impact.
- Constant rehearsal of community's story of development re-inforces corporate community participation.

MODELS FOR INTERCHANGE

Sevagram

- Cluster circuiting model
- Women's training
- Small industries set-up

Tembhurwahi

- Cluster consult
- newsletter model

Dabhad

- CDA election process
- Transition tactics

Jawale

- Cluster circuiting model
- Education guild

Male

- Souvenir production
- Symposium plan
- Power looms set up model

Budhoda

- Gobar- gas scheme
- Pre-school funding

Chikhale

- Site-visit model
- HDA journey chart

Maliwada

- Milk dairy scheme

Vaviharsh

- Khambale coverage model

ARENAS OF CONTRADICTION

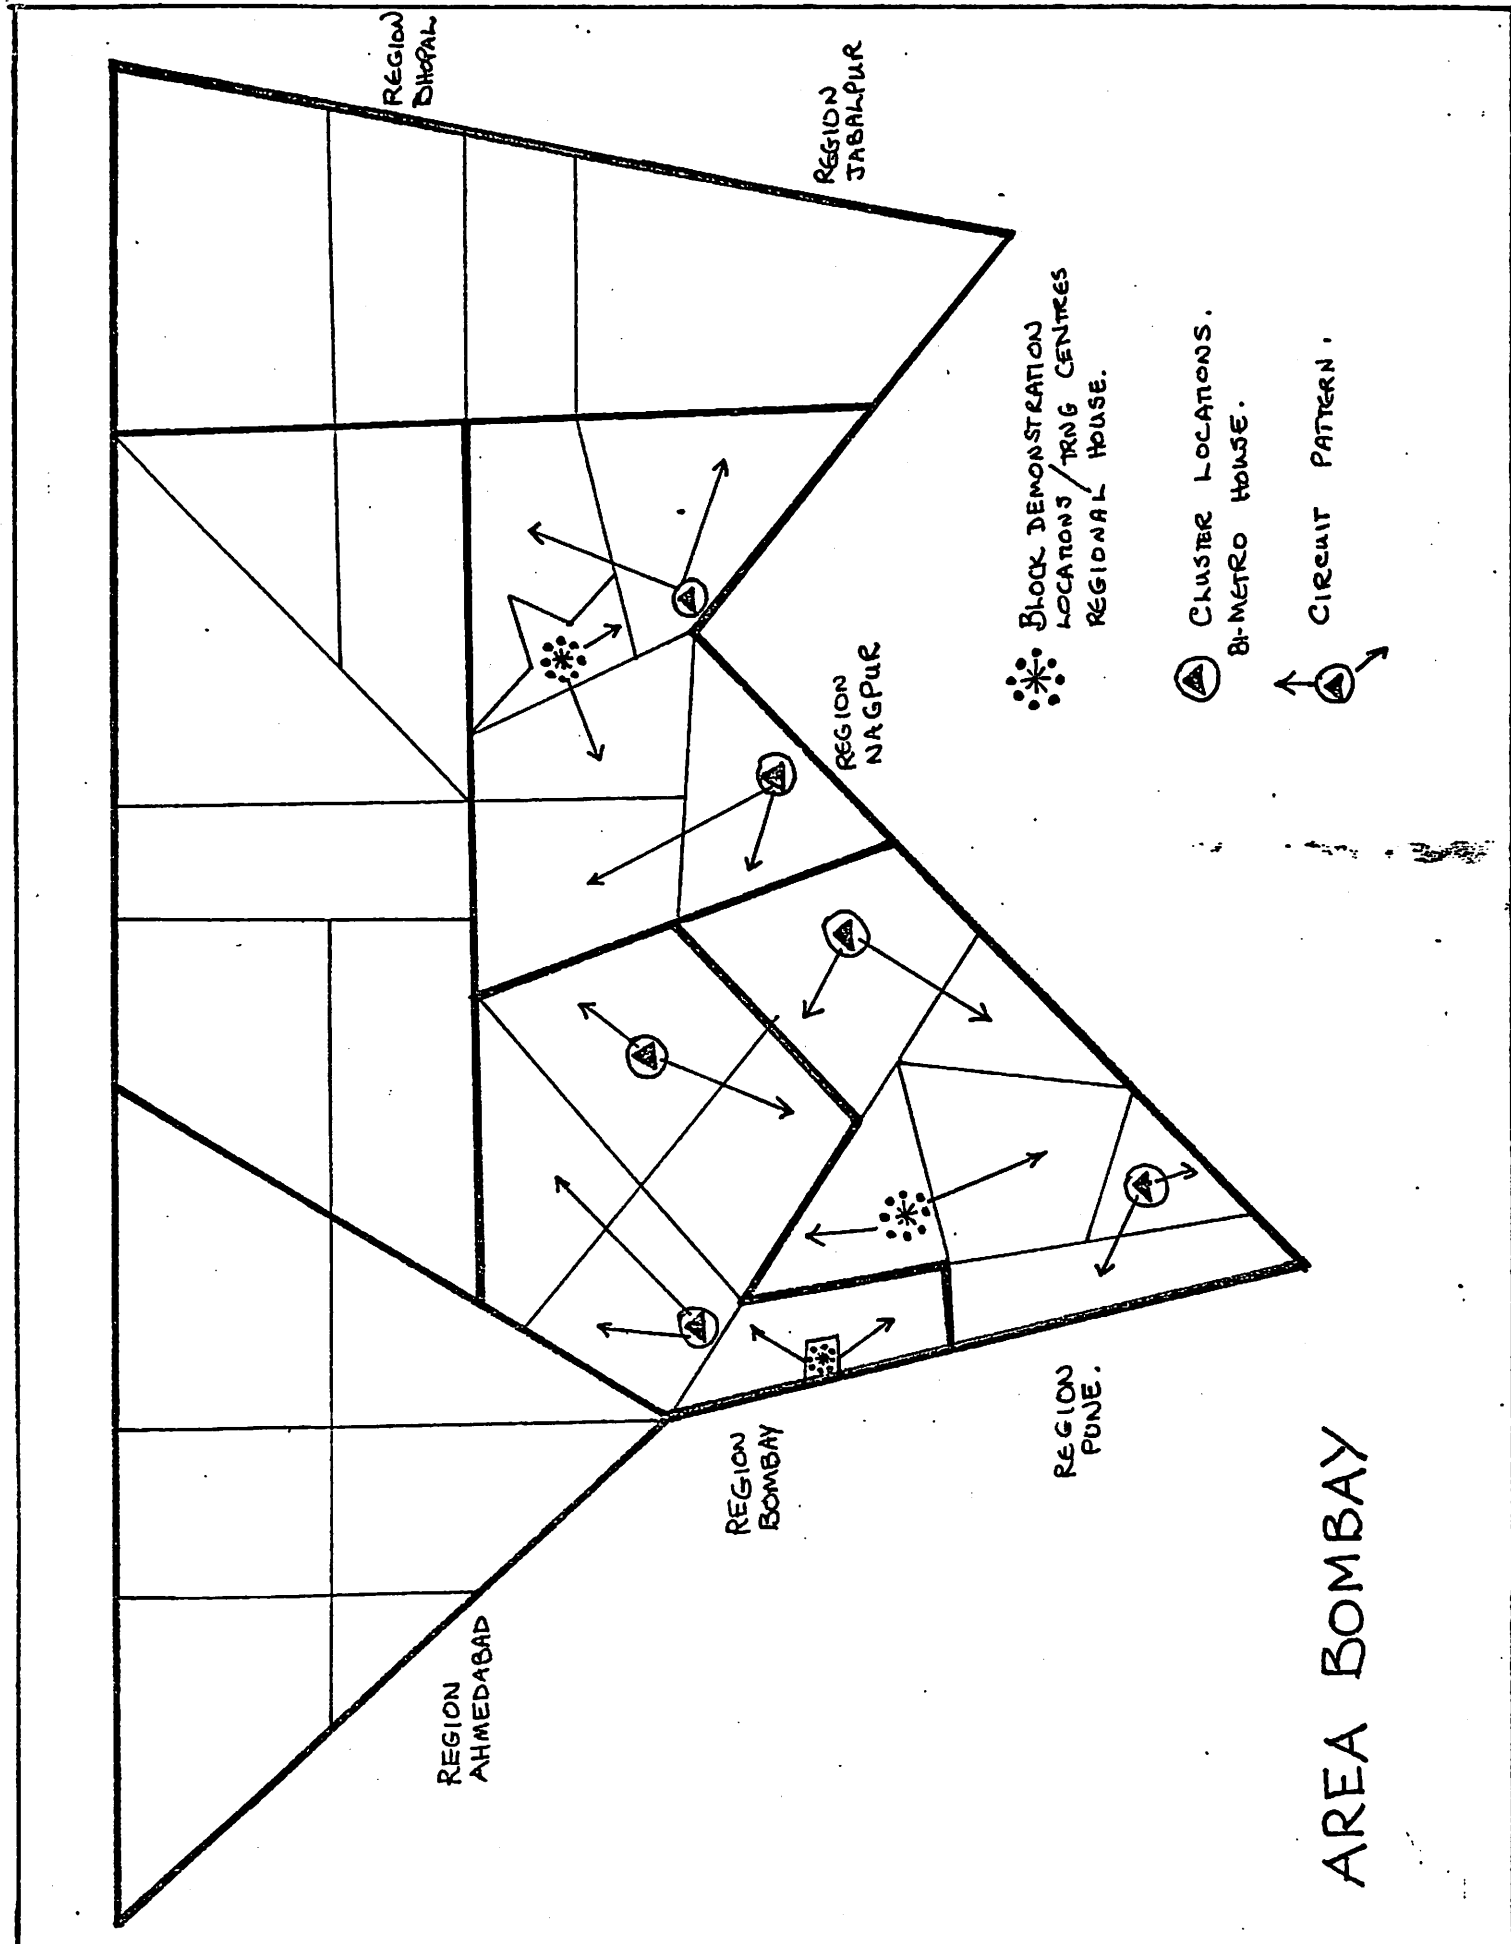

Rapid maturation of leadership for block coverage.

Establishing an enabling cluster circuit design for sustained actuation.

Establishing stakes and guilds with visible signs.

Procuring cement and building materials for dams and buildings.

Images that focus actuation thrust in the midst of cluster complexity.
