## INTRODUCTION

The Delusom Human Development Consultation is the initiating step in a demonstration of comprehensive barangay development. The Consult represents the intention of the residents of Delusom to work in the spirit of balikatan in improving the quality of life of their community. This resolve compliments one of our national priorities of strengthening the barangays, the smallest political unit, and of training effective local leadership. The focus on total development was reinforced with Presidential Decree No. 1396 affirming the government's policy to "foster the growth and renewal of our communities, both rural and urban, in an integrated manner that promote optimum land-use, adequate shelter, rational inter-dependence amongst self-reliant communities, all towards the fullest development of man as a civic person and as a human being, involving in this process the coordinated contribution of the public and private sectors." It has become clear that the events of history are calling for methods to assume the task of renewing the local community. For this reason, the Delusom Human Development Project promises to be of critical importance, not only to its 165 households, but also to the other barangays in the Municipality of Mahayag, Zamboanga Del Sur, as well as the communities throughout the Philippines.

### DELUSOM BARANGAY

The Consult took place in Delusom March 7-12, 1983. In a village meeting prior to the Consult, it was decided that one representative from each of the 165 households would be present at all times. There were 32 outside consultants. Expertise represented by these people covered a broad spectrum of skills and experience including agriculture, livestock, law, accounting, finance, day-care, rural health, midwifery, business management, education and community development.

### THE PARTICIPANTS

During the Consult this diversified group used the following method for comprehensive community reformulation. First, the Consult charted the Operating Vision of the people of Delusom. Second, they discerned the Underlying Contradictions which were blocking the realization of the vision. Third, they built a set of overall Practical Proposals for dealing effectively with the contradictions. Fourth, they created a set of Tactical Systems by which the proposals could be realized. The time of the Consultants was divided between work in teams, workshop sessions and plenary gatherings in which team reports were formed into the

### CONSULT DESIGN

corporate product of the Consult. The aim of the Consult was to assist the residents of Delusom in accelerating the expansion of the project and empowering its impact upon the village.

**CONSULT  
DOCUMENT**

This Consult Document is the tangible product of the Consult. It is intended to be a highly practical tool. It summarizes the results of research which involved representatives of each household of the community. As such, this document symbolizes the residents' decision to participate in practical decision-making about the future of their community and thereby serves to call forth incentive needed for project actuation. The document will also function as an educational tool for rapidly training local leaders in the principles and methods of comprehensive community reformulation.

**ICA**

The Institute of Cultural Affairs is an intra-global research, training and demonstration group concerned with the human factor in world development and has offices in 30 nations. The ICA is convinced that effective human development must be initiated at the local level and is, therefore engaged in planning and implementing community development projects. ICA's aim is to develop methods through which a local community can become economically self-sufficient, socially self-sustaining and spiritually self-motivating. The Institute's programmes around the world are supported by grants, gifts and contributions from government departments and agencies at the national, regional and local levels and from private foundations, corporations, trusts and concerned individuals.

**PROJECT  
ORIGIN**

The Institute of Cultural Affairs: Manila, Inc., is incorporated in the Republic of the Philippines as a not-for-profit corporation. In 1976, a Human Development Project was launched in Sudtonggan, Lapu Lapu City, Mactan Island, Cebu at the invitation of the residents of the community, the mayor and concerned citizens of the municipality. The success of this pilot demonstration prompted ICA to expand the Sudtonggan experiment to 23 more communities on Mactan Island and to five remote rural communities in the Tolomo District, Davao City. The ICA has a coordinating office in Manila, a Training Centre in Sudtonggan and project residences in Davao City and Albay Province.

## ANG KASAYSAYAN SA BARANGAY DELUSOM

Ang Delusom usa ka Barangay nga nahisakop sa lungsod sa Mahayag, Zamboanga del Sur. Kini may gilay-on nga mga tulo ka kilometro gikan sa sentro sa poblacion, sa Mahayag.

Sa unang panahon ang mga tawo nga nanagpuyo niining dapita mao ang mga Subanos, ang ilang mga pangalan mao sila si Ides, Mangas, Mangco, Tanggolo, Bucay ug Mansao. Ang ilang mga balay giaptan ug mga dahon sa uway nga tinakgusan sa uway lang gihapon ug ang bongbong lambaton sa tibuok nga kahoy. Ang ilang panapot sa mga lalake gikan sa mga bata hangtod sa mga tigulang bahag lang, sila adunay produkto sa ilang kaumahan nga mao ang humay, apan kining mga tawhana nag-antos sa kalisod tungod sa sakit nga motakboy diha kanila nga mao ang takig o malaria ug ang ilang itambal mao ang kahoy nga mapait.

Pag-abot sa mga kristiyanos dinhing dapita ang mga produkto sa mga Subanos gikan sa ilang kaumahan, ilang gipabayloan ug mga panap-ton ug mga asin ngadto sa mga kristiyanos ug diha magsugod ang mga Subanos sa pag-edukar ug niining panahona kining dapita usa pa lang ka sityo sa Panagaan. Ginganlan kini ug Delusom tungod kay dinhay mga kristiyanos nga nangutana sa mga Subanos kon giunsa nila sa pag-himong bugas ang humay, ug mitubag ang mga Subanos nga Delusom (nga sa ato pa gilubok sa lusong, apan dili sila makalitok) mao kadto nga kining dapita gitawag ug Delusom.

Sa panahon sa ikaduhang gubat sa kalibutan kining dapita ginnan-lan na ug Delusom ubos sa pagpangulo ni Tenyente del Baryo Andres Calderon. Sa pagkatapos sa kagubot ang mga katawhan nananom ug mga lubi ug sa pagpanglabay sa mga katuigan ang Tenyente del Baryo nga si Andres Calderon napolihan ni Luis Cuevas, ug diha niana nahimo dayon nga regular Baryo kining Delusom ug daghan na usab ang mga namuno-an nga nagkapulipuli ug niining higayona daghan na usab ang mga kausaban nga nahimo dinhi sa Delusom.

Sa pagka karon ang Tenyente del Baryo giilisan na ngadto sa pag-ka Barangay Kapitan. Ug ang Barangay Kapitan karon mao si Manuel Navarro. Siya uban sa iyang mga konsehales ug ang mga katawhan nangandoy ug nagala-om sa mga kauswagan dinhi sa Barangay Delusom.
