WEEKLY REPORT: DEPLOYED ORDER

"The wretched souls of those who lived without infancy and without praise maintain this miserable abode. They are mingled with that caitiff choir of the angels who were not rebels, nor were faithful to God, but ware for themselves.....These have not hope of death; and their blind life is so debased, that they are envious of every other lot." Dante, Inferno, Canto III, verses 34 and 45.

GLOBAL WEST

NORTH

Religious House: Chicago North

The signal internal happening was Joy Greene's acceptance of a position as a teacher in a new experimental school. The House was host to the North Shore Cadre on Thursday, which was a significant external event. Intensive efforts in the immediate future will be directed toward securing the kind of external structure which realtors usually call a "dwelling".

Religious House: Chicago South

External: The uniting of pedagogical thrust and micro-net recruitment as symbolized by recruitment model presented at Regional Faculty Meeting.  
Internal: Seven truckloads of goods and 20 people including 7 children, 2 cats, 2 aquariums and a turtle moved into the former Hotel Blue Island.  
Contradiction: One day Wonder on Saturday to bring about the transformation of a 24' x 72' x 12' room into a kitchen, seminar room and lounge.

Religious House: Cleveland

Internal: Six families living in three apartments, other family commuting daily, tenants to move out within week, common areas prepared in full use, had symbolic beginning at House Church the 14th.  
External: Started visits two days after arrival, had three teams out yesterday. Beginning house fall orientation and planning session this weekend.  
Contradiction: Cleveland and Cincinnati both imaginally and geographically isolated from each other.

Religious House: Rockford

External: Sent 7 persons to participate in regional faculty planning meeting for fall quarter at Niles. Following the faculty meeting they met with the Chicago and North Shore Houses in a 3-house regional planning session.  
Internal: Development of time design for calling as a model for development of a sector micro-net of regional callers.  
Contradiction: Heavy emphasis on internal ordering and planning have created an imperative for immediate external thrust.

EAST

Religious House: Boston

This week Boston Religious House participated in her first visitation thrust for the quarter. This consisted of four major visits in western Massachusetts.

Internally, we began functioning on the consensed time schedule for the quarter. Also, formal assignments for the year were made consisting of 4 troops in "Movement"; 4 in "House Management", and 12 in "Permeation". Units were designed as well as polity groups in the areas of the intellectual, the structural enablement, and the celebrational life of the house. The major contradiction was completing work on the three new rooms for next for a month, which will be a major weekend project. Toward the future, we are finalizing new structures for the year in the areas of intellectual, enablement, and celebration life.

Religious House: New York

Terry and Sharry got jobs. Terry at 475; Sharry with a detective agency. Moved into the House on Sunday night. Anticipate first gathering of total house Thursday night to plan moving for the weekend.

Religious House: Washington

The House embodied the stance of missional poverty by completing negotiations of stipends of the eight House families and creating the House budget.

The House initiated its external thrust into regional expansion with the visitation of eight clergymen of the Washington metro in the last two days.

After spending our first week-end in an intensive orientation of our broad missional thrust, the House members are preparing to make the practical quarter assignments.

WEST

Religious House: Los Angeles

Externals: In regional council, regional colleagues picked up regional roles.  
Internal: Newcomers sent out to a local congregation at house church.  
Contradictions: How to operate as an ongoing house while at same time starting over.

Religious House: San Francisco

Forty S.F. regional colleagues celebrated the coming of the S.F. Religious House on Sunday night with a common meal. House members were immediately plugged into regional structures.

Internal event: the decision by the House to participate in corporate life before moving into the property. We will be in this situation until about October 1.

Contradiction: struggle to live in dispersion and maintain corporateness; the promise is that our struggle is the struggle of every locally-based cadre.

Religious House: Seattle

External: Sent representatives to regional council Meeting and established working arrangements with regional coordinator.

Internal: Exciting House Church following culmination of Weekend Workshops and Building of Common Memory.  
Contradictions: Fourth apt. not available till end of month.

SOUTH

Religious House: Atlanta

Key visits to two metros of the Region enabled movemental activity to begin anew with primary focus on recruitment and pedagogical guilds. The Religious House began comprehensive planning for the year and the fall quarter in particular by establishing a discontinuous rhythm of early morning and evening planning sessions. The immediate demand on the House to provide adequate economic resources for its own mission coupled with the obvious emergence of new leadership in the region requires that the House intensify its work and sharpen its comprehensive vision.

Religious House: Oklahoma City

External: Permeation will be as delightful as the house with our invitation to last Saturday's Fred Harris club breakfast.  
Internal: The week of initiation was filled with regional enablers who stopped in to welcome and enable the house.  
Contradiction: The future holds the promise of intentional religious creativity in decorating the house.

WEEKLY REPORT: DEPLOYED ORDER

" Thou doest not ask what spirits are these that thou seest. Now I would have thee know, before thou goest farther, that these did not sin; and though they have merits it suffices not, because they did not have baptism, which is part of the faith that thou believest; and if they were before Christianity, they did not duly worship God: and of such as these am I myself. For such defects, and not for other guilt, are we lost, and only so far harmed that without hope we live in desire." Dante, Inferno, verses 31, Canto IV

## GLOBAL EAST

Australia

Religious House: Sydney

Highlights of praesidium last week were-- an excitement at new possibilities, especially with aborigines, foreshadowed by the models built at Singapore; the adoption of a discipline for the Australian colleagues-in-dispersion, and the planting of new images if vakyé of religious house to movement. We welcome Jeanette Marks and have begun exploring set up of imaginal education pre-school for next January.

The signal event in the external mission was the beginning of our teaching in the High School which came as a painful and exciting concretion of several months planning.

In the internal mission, the signal event was the making of division assignments and the beginning of the operation of the teachers guild within the division structure.
