MARCH 1976

KWANGYUNG

GLOBAL SOCIAL DEMONSTRATION

ISSUE: Selection of additional Global Social Demonstration Sites

RECOMMENDATION:

It is recommended that the selection of PCE sites be made with consideration of their future possible qualification as Global Social Demonstration sites.

- 1) Criteria for Global Social Demonstration sites are:
 - a) isolatable
 - b) an obvious need
 - c) immediate improvement is possible
 - d) accessible by plane, train, & roads
 - e) historical/symbolic value
 - f) authorization forthcoming
 - g) replication is possible
- 2) Visiting and gridding for geo-social analysis throughout the region will be done in Quarter IV.
- 3) Steps for PCE development
 - a) Each region will perform a pre-sign (giving a sign of resurgence or community change)
 - b) Each region will hold a Primal Community Convocation this quarter.
 - c) Each region will hold a field visit when appropriate.
 - d) Each region will prepare for and select power-parishes as soon as possible.
 - e) Each religious house will schedule a PCE consult each Training Quarter, beginning Quarter IV, 1976.
 - f) Global Centrum: Hong Kong will develop and provide a geo-social report form to gather the objective data for PCE sites and Global Social Demonstration sites.

ISSUE: Interchange Model for PCE Consults

RECOMMENDATION:

It is recommended that PCE Consults be staffed by a centrum representative plus another person from outside the region.

It is recommended that one consult per quarter be held in each region.

ISSUE: House location and area grid, with respect to the Sendai/Sapporo grid

RECOMMENDATION:

It is recommended that the following steps be taken in the Sendai Region in Quarter IV.

- 1) Geo-social analysis of the region through trek visitations focus on possible PCE sites.
- 2) A decision needs to be made relative to the appropriate location of the PCE.
- 3) The decision as to house location and any further recommendation relative to the regional grid needs to be made after the analysis and the decision about the PCE location. This recommendation will be taken by the Area Prior for a decision at Global Priors' Council.

Global Campaign Support Task Force

GLOBAL COMMUNITY FORUM

ISSUE: Actualizing Global Community Forum

RECOMMENDATION:

It is recommended that in Quarter IV each region needs to hold at least one TM '76 or one PCC and cultivate authorization, sponsors, and funding base for Quarter II, 1976-77. Possible authorization and sponsorship groups are Jaycees, American Chamber of Commerce, American Consulate, American Clubs, George Washington Societies, Lions Club, Rotary Club, International Schools, educators groups, etc. In the September Area Council will be built the year model for GCF in Korea and Japan. To prepare for GCF in Area Tokyo, we recommend that each region begin the site selection process of GCF by moving toward gridding the region to the parish level.

INTRA-GLOBAL MOVEMENT

ISSUE: Metro Cadre Circuits

RECOMMENDATION:

- 1) Metro Cadre Circuits will be located to provide research power and framing support for designated PCE/GSD sites.
- 2) Circuits will be responsible for catalyzing and supporting local geo-social analysis.
- 3) Circuits will introduce indicative battleplanning methods by their practical use for metro analysis and planning.
- 4) Circuits will be made by teams including house staff and regional colleagues.
- 5) Each metro will be visited minimally two times a quarter.

ISSUE: Local Training

RECOMMENDATION:

Local training is a by-product of intensifying PCE and other Movement strategies. Currently, training is going on best where local people are given practical tasks in the mission. Being a course grad is not a pre-requisite. Simply being invited to help in specific tasks engages troops and provides training opportunities. For example, in Osaka, LENS grads and local people translated TM '76 documents. In Fukuoka, English language students gridded and did social analysis for PCE site selection. Both have resulted in the development and training of Movement colleagues.

It is recommended, therefore, that Houses continue to experiment with developing training opportunities, including engagement in practical planning and implementation of missional tasks and also including formal training experiences such as RS-I, LENS, and PCC. This training should emphasize honoring the local culture and the local cultural style as it seems appropriate.

Global Campaign Support Task Force

INTRA-GLOBAL MOVEMENT

ISSUE: PCE/HRM Training for House members

RECOMMENDATION:

- 1) Religious Houses will complete the study of the PCE manual through a collegium series, special evening studies, or a Week II study.
- 2) A model HRM will be held if necessary. (It is suggested that advanced English students might well be invited.)
- 3) Houses will provide cross-regional training opportunities for creating a strong HRM faculty.

ISSUE: Relocation of Religious Houses

RECOMMENDATION:

Where necessary, Religious Houses will plan relocation to a proposed PCE site. Every effort will be made to obtain rent-free housing. Where this is not possible, housing costs will not exceed \$25 per month, per person in the House.

Before recommending relocation, it will be necessary to obtain authorization from secular and religious authorities within the PCE site. After authorization is obtained and appropriate housing is located, recommendation for relocation will be made by the House Prior to the Area Prior. The final decision will come as a result of the consensus among the House Prior, the Area Priorship, and Management Centrum.

During the planning process, appropriate consideration will be given to the site qualifications as a possible future Global Social Demonstration site. The possibility of completing during Quarter IV, 1975-76, the next steps in the PCE stages will also be considered.

ISSUE: How to work with Local Government

RECOMMENDATION:

- 1) Approach local government through emphasis on the framing model of economic forces, social forces, and local leadership forces. These forces would provide basic contact nets for local and higher government contacts.
- 2) Visit city hall for an organizational chart. Also, plan a visit to the ward hall to determine what communications lines are key. This would then be concretized by holding a PSU or collegium, possibly with regional colleagues, to designate and chart all important government and economic contacts.

PLENARY REPORTS

Area Tokyo

March 1976

Development Task Force

ISSUE: Increasing Development Income

RECOMMENDATION:

- 1) Hold dinners for high-possibility individual donors.
- 2) Have parties for groups of prospective donors.
- 3) Visit course grads and give development pitch.
- 4) Set up furikae account and ask individual grass roots donors for pledges.
- 5) Visit businesses for development.
- 6) Include development pitch in preaching missions.
- 7) Include Jeju slide show in group development meetings.
- 8) Request that slides and narrative of Jeju be provided by the Jeju House for each Religious House.
- 9) Cut house budget to enable house donation.
- 10) Set up speaking engagements with church women's groups and other social action oriented groups.
- 11) Give development pitch to English classes.
- 12) Ask for materials and services
- 13) Make circuits with Jeju residents.
- 14) Make development pitch to permeation employers.
- 15) Hold dinners for groups of potential donors.
- 16) Give development pitch at cadre meetings.
- 17) Have a "needed equipment" list..
- 18) Submit development proposals to churches for support from their training budgets.
- 19) Include development pitches in newsletters.
- 20) Include a development pitch in seasonal mailings, e.g., Advent mailings, etc.
- 21) Follow up order contacts for development.
- 22) Before urban circuit treks, each house should contact 60 people (5 calls per day for 6 days, two prospective donors to be visited on each call) explaining that the purpose of the visit is development.
- 23) For major funding, the Religious House should establish relationships so that the development team can visit only the men who are in positions to make the decision.
- 24) Before an American or English or Australian Town Meeting, obtain a list of 100 American, English or Australian corporations. Call the managing director and give him the Town Meeting story. Ask if we can submit a proposal for \$100 in support of the Bicentennial Town Meeting. If the answer is "no", send a card thanking him for his consideration and welcoming him to participate in the Town Meeting. If the answer is "yes" send him a letter announcing the Town Meeting and requesting his company's support in the amount of \$100.

ISSUE: ICA Registration**RECOMMENDATION:**

It is recommended that the ICA explore the possibilities of registration in Japan. Two types are possible: assets of organization or sponsorship by another organization. The following steps need to be taken:

1. Clarify the financial conditions relative to registration
2. List the possibilities for sponsorship
3. Explore the possibilities of registering as a branch office
4. The responsibility for this research will be the Tokyo House
5. Tokyo House and Management Centrum (Hong Kong) will coordinate

ISSUE: Development Trek Coordination**RECOMMENDATION:**

1. The development trek schedule be revised to take into account Golden Week (May 2-8) in Japan and coordinated with Development Centrum.
2. The Jeju Special Development Team trek to Japan be coordinated with the present development circuits, i.e. as soon as the exact schedule is known, passports, and visas cleared.
3. Each region hold a development PSU on the week II following the development trek in its own region.

ISSUE: Development for Participants**RECOMMENDATION:**

It is recommended that the participant pay all travel expenses and registration fees relating to the ITI.

It is also recommended that the regional house would assist in the development of these funds when necessary.

ISSUE: Registration Costs**RECOMMENDATION:**

It is recommended that there be a sliding scale for the cost of attending the ITI.

Japan - \$400 per participant plus travel
Korea - \$100 per participant plus travel
Taiwan - \$400 per participant plus travel
Philippines - \$50 per participant plus travel
Micronesia - \$400 per participant plus travel

PLENARY REPORTS

Area Tokyo

March 1976

ITI/GRA Task Force

ISSUE: ITI Dates

The current schedule for the ITI is Quarter I, weeks 1-3. Most of the trained English-speaking pedagogues in Area Tokyo are employed in teaching jobs. The current dates make it very difficult for them to be available for ITI Faculty assignments.

RECOMMENDATION:

It is recommended that the dates of the ITI in Area Tokyo be changed to Quarter I, weeks 6-8. It is also recommended that these dates be checked through with Operations Centrum.

ISSUE: Task Force to implement marketing strategies

RECOMMENDATION:

It is recommended that an ITI Task Force consist of the following:

Sendai	- Feldmanis, A.
Tokyo	- Hickey, C.
Osaka	- Jones, P.
Fukuoka	- Ziegenmeier, H.
Seoul	- Williams, B.
Jeju	- Work, R.

It is also recommended that this task force meet on week 13, April 3-4, in Tokyo in order to start the marketing model.

ISSUE: Quotas

RECOMMENDATION:

It is recommended the following quotas:

Sendai	- 10
Tokyo	- 10
Osaka	- 20
Fukuoka	- 10
Seoul	- 20
Jeju	- 10
Hong Kong	- 7
Philippines	- 15
Micronesia	- 3
	<u>105</u>

ISSUE: Common context for all participants

RECOMMENDATION:

It is recommended that a PLC or an RS-I in English be scheduled for all ITI registrants.

ISSUE: Donor's Circuit

RECOMMENDATION:

The Fukuoka House planned a 6-day series of visits with approximately 60 secular and religious contacts within Fukuoka city and outlying suburbs.

The set-up was completed within a three-week span. During the first week, several hours of calling per day was done along with some pre-visits which were made with the intention of arranging more critical appointments. Because a two to three day waiting period is often necessary to confirm exact appointment times, the first week, while the schedule was open, was used to allow more critical and perhaps busier individuals to select their own appointment time. The second and third weeks followed a similar format with suggestions being made for specific appointment times.

The following kinds of appointments were set-up:

- a) English class groups (going directly to the class during class time)
- b) Individual students selected from classes were invited in combination with other students for evening presentations at the Religious House.
- c) Personal appointments were made to potential larger donors.
- d) Appointments early in the week are necessary to secure appropriate introductions for later in the week.
- e) Evening colleague meetings.

The overall image was to arrange individual appointments during the day and group gatherings at the Religious House in the evening. In each case, where English classes were visited directly, and where necessary, the employer and/or class leader was contexted that there would be a "guest speaker" who was our friend and fellow staff member of the ICA (EI) from Hong Kong. It was said that he was traveling through Asia talking to people about new kinds of community development projects in Asia and around the world (or how the church is working together in building new forms of community development in Asia) and to raise funds for specific needs within these.

All other people invited or visited were given a similar context and in all cases were told that the guest would be asking them directly for a contribution. We tried to communicate with English classes that primarily we wanted them to hear the story of our work and if they felt they could, we would also like them to consider giving something. (In some cases, where people asked beforehand what amount would be an "appropriate gift, we told grassroots donors "his image" was ¥30,000 per individual. For potentially larger donors, we suggested "his image" was ¥100,000.)

Through these appointments, around 60 people were contacted and ¥175,000 was received in cash from 25 givers. An additional three promises of unspecified amounts were given (a Baptist university, a Korean church, a Jeju citizens' social group). In addition, five or six introductions were given over the course of the week which were possible to follow-up in the weeks following the actual donor's circuit.

Development Task Force

ISSUE: Contact Interchange Considerations

RECOMMENDATION:

It is recommended that each house consider these groups in which there may be valuable contacts which might be useful in an interchange contact system proposed at the Quarter III Lenten Area Council:

- | | |
|---------------------------------------|---|
| 1) YMCA | 19) Travel agencies |
| 2) YWCA | 20) Transportation systems |
| 3) Japan Productivity System | 21) Public service |
| 4) Lions | 22) Architecture and Construction companies |
| 5) Rotarians | 23) Chambers of commerce |
| 6) Denominational Leadership & Clergy | 24) Universities or colleges |
| 7) JCS | 25) Airlines |
| 8) Cultural Centers (National) | 26) Pharmaceutical companies |
| 9) Embassies | 27) Jeju Youth Associations in Japan |
| 10) Jeju Residents' Associations | 28) 4-H Clubs |
| 11) Japan-American Societies | 29) Liquor companies |
| Korean-American Societies | 30) American clubs (national social clubs) |
| 12) International Schools | 31) Denominational groups |
| 13) Japan Development Bank | 32) Jewelry companies |
| 14) Trading companies | 33) Economic federations |
| 15) Restaurant chains | 34) Shipping companies |
| 16) Lunch box (obentos) chains | 35) Mass media |
| 17) Companies with branch offices | 36) Governmental officials |
| 18) Hotels | |

PLENARY REPORTS

Area Tokyo

March 1976

Course Scheduling Task Force

ISSUE: The number of Primal Community Training Schools to hold in Qtr. IV

RECOMMENDATION:

It is recommended that an extended Primal Community Convocation be held in Seoul during week I of week 6. Following this a full ten session Primal Community Training School (PCTS) will be held in Tokyo from Thursday to Sunday of week 6.

ISSUE: In-house RS-I

RECOMMENDATION:

It is recommended that an English RS-I be scheduled in each house as early as possible in Quarter IV. This course would be for all house members as well as other colleagues who would be available for the full course.

ISSUE: Centrum Course Scheduling Recommendations

RECOMMENDATION:

It is recommended that the last sentence of Centrum Course Scheduling Recommendation # 3 which states "Tickets purchased without approval will not be re-imbursed." be omitted.

ISSUE: Development Treks and Primal Community Convocation Scheduling

RECOMMENDATION:

It is recommended that Fukuoka's Development Week be shifted to week 4 ending with the teaching of LENS in Fukuoka. It is also recommended that week 3 be Tokyo's Development Week and that week 7 be a combined Sendai/Sapporo Development Week. All consults are scheduled in relation to Development Treks.

ISSUE: Pre-ITI Training Courses

RECOMMENDATION:

It is recommended that bi-lingual PLCs or RS-Is be taught as a pre-requisite for all ITI participants and that these courses be held in weeks 1-4 of Quarter I, 1976. These recommended dates assume the ITI is being held in weeks 6-8 of Quarter I.

wk 1	wk 2	wk 3	wk 4	wk 5	wk 6	wk 7	wk 8
Seoul	Seoul	Seoul Sendai Fuku- oka	Osaka Tokyo		International Training Institute August 8-29		
PLC/ RS-I	PLC/ RS-I	PLC/ RS-I	PLC/ RS-I				

Course Scheduling Task Force

ISSUE: Global Language Training

RECOMMENDATION:

It is recommended that global language training be provided upon invitation as a practical service to the movement. This skills training will be offered for the following groups:

- a) colleagues and interns
- b) sojourners
- c) community leaders
- d) guardians
- e) agencies.

The construct will be flexible using the following:

- a) weeknightly series
- b) 1 day
- c) 3 day
- d) 5 day
- e) 10 day.

The format for each session will be:

- a) symbolic opening
- b) conversation
- c) talk and reflection
- d) drama
- e) language patterns drill
- f) closing.

The common methods will be:

- a) repetition
- b) substitution
- c) new combinations

The content of the curriculum will be developed through a curriculum workshop. When appropriate, the GLS published curriculum will be used.

ISSUE: Area/Movement Council Scheduling

RECOMMENDATION:

It is recommended that the Quarter I, 1976-77, Movement Council be held in the Sanya Parish of Tokyo, September 6-12. We suggest that week I of the council be the Order Council and week II include all regional colleagues. The colleagues will be invited using a rational scheme by metro from the Area Grid.

To further enable participation, it is recommended that a travel pool be set up to enable all regional colleagues to participate. This would be handled by the Tokyo House, calculated using the most inexpensive transportation from the farthest point, while honoring the time factor, i.e. air cost from Naha to Tokyo, train from Fukuoka to Tokyo, air from Sapporo to Tokyo. This cost is multiplied by the number of estimated attending colleagues and an average cost obtained. All attending colleagues will pay this average cost; actual transportation cost reimbursed.

PLENARY REPORTS

Area Tokyo

March 1976

Internal Life Task Force

ISSUE: Common Understanding of the ITP Program

RECOMMENDATION:

- 1) Prerequisites
 - a) Six months sojourn at least in a religious house
 - b) Recommendation of the area prior
 - c) Conversation about this with Operations Centrum
- 2) Finances
 - a) The ITP participant raises funds for all travel including a round trip to Chicago and the religious house trek.
 - b) EI: Chicago provides room and board, Academy tuition, and a negotiated \$25/month for pocket money.
- 3) Content
 - a) The ITP Program includes the Academy, a religious house trek and a Centrum assignment--each approximately two months long.
 - b) The specific itinerary is planned before leaving for the US in consultation with the house prior.
- 4) Special considerations with EI sponsorship
 - a) The ITP Program involves a specialized visa relationship with the United States Department of State. Its length is 6 months.
 - b) The ITP Program needs to be distinguished from a global order assignment to the United States which may include the contents of the ITP Program for a six months portion of the total global assignment.
 - c) Anyone planning his own trip to the United States is welcome to participate in any one of the parts of the ITP Program though he himself is not visiting the United States on an ITP visa.

ISSUE: Funding the travel and trek expenses for the ITP Program

RECOMMENDATION:

It is recommended that the religious house cooperate with the ITP participant raising travel funds by helping him explore all possible sources of funds such as:

- | | |
|---|---|
| a) former local churches | g) special training funds from groups like YMCA, YWCA, etc. |
| b) denominational funds for international study | h) mass mailing to personal contacts |
| c) employer | i) personal letters to key personal contacts |
| d) extended family | j) personal savings |
| e) key Christian businessmen | |
| f) old acquaintances | |
| k) government funds for international study | |

Internal Life Task Force

ISSUE: Special Practics Assignments for ITI: Osaka

RECOMMENDATION:

It is recommended that a committee of three be created for the practical enablement of the ITI. This assignment needs to begin June 15 and continue to the end of the ITI (August 29). The task force would recommend that the committee of three include: Bill Schlesinger, Michael Shaw, and Phyllis Mielke.

It is also recommended that Molly Shaw and Carol Schlesinger be assigned to do the brooding on the necessity and possibility of combined children's structures for any of the Area Tokyo houses during the ITI time.

ISSUE: Sojourn Training

RECOMMENDATION:

These are some operating images found helpful to the members of the task force.

- 1) Sojourning is most helpful as a corporate program involving a group of people rather than one individual or family.
- 2) The sojourn time needs to be built around a particular task. This task should be one which is visible and can be completed during the sojourn program.
- 3) Other people and events can be scheduled into the sojourn period to broaden its impact.
- 4) A cohesive symbolic image needs to be used throughout the time to hold the time together as one thrust. Songs, stories, conversations, and decor can accomplish this.
- 5) Any individual sojourner would be assigned to work with a house member on any task rather than be asked to work alone--especially on practical enablement tasks.

ISSUE: Financial model for extended family care

RECOMMENDATION:

Financial obligations to the extended family are included as an additional item of the religious house care budget. Therefore, these obligations can be negotiated as part of the intern conversations.

ISSUE: Global Mission Funds

RECOMMENDATION:

It is recommended that

- Seoul House pick up, retroactive to September 1st, all but \$5 of the Jeju Global Mission Funds per month.
- Seoul, Fukuoka, Tokyo, and Sendai each pick up \$125 per month of Osaka Global Mission Funds from March through July. (Total of \$500 per month).
- Jeju Mission Funds be increased to reflect the increased number of adults to ~~\$384~~ beginning in March.
- Fukuoka Mission Funds be increased to reflect the increased number of adults to \$576 beginning in March.

ISSUE: Sustenance Budget

RECOMMENDATION:

It is recommended that the Fukuoka house budget be increased by \$25 in operation and by \$25 in permeation expense.
