

INTRO:

As the Ending of Order Council, <sup>I WAS</sup> struck by the accounting of the 20 area priors in the Great Hall, before one another. <sup>THIS GIVES ME A</sup> New image of what it means to be an Order in our time. Going Area <sup>to</sup> has shifted the images of Areas and Centurms radically.

I. SANCTIFICATION (STYLE)

Going Areal <sup>IS AN EXPERIENCE OF</sup> and Sanctification <sup>WE</sup> saw what it meant to be an Historical Order was the embodiment of <sup>THE DECISION</sup> ~~things~~ those who decided to live before the Mystery and bear the weight of the world in radical intentionality. <sup>RESIST OUR</sup> Unclearly about what this means for the future, ~~we may~~ <sup>THAT</sup> More and more we see that we may not go out of history after all; but <sup>THOSE</sup> always have been bodies in history who decided to live <sup>to</sup> out the Sanctified style. Awareness that <sup>THIS</sup> catalytic task is history-long. <sup>HAS GREAT</sup> ~~It~~ is to be those elected <sup>to be related</sup> to the Movement, to be related <sup>to</sup> the establishment, to be related <sup>to</sup> the Roman Catholic Church.

II. XAVIERISM (RESOLVE/OBEDIENCE)

<sup>to</sup> Led us to Xavierism. Wherever I stand <sup>I</sup> have made a commitment to be responsible to entire globe. As a child <sup>I</sup> played that game where I'd dig up dirt, believing that if I dug deep enough I would come up in China and if in China they dig far enough <sup>could</sup> will come up in Peoria. You discover if you touch the smallest issues ~~and~~ you touch the whole globe. Illustrated <sup>by the</sup> making of assignments. Wherever we are our task involves the whole. <sup>not</sup> "I am in Operations so I am not in Research-- ~~no~~ I am at Centrum so I am not involved with Seapac; <sup>not chunks</sup> ~~no~~ but resp.

for the whole, ~~no~~ Deciding for self what is right, <sup>however,</sup> no way to make clean cut Rome's feelings about having telephone line out to Xavier--not abandoning him <sup>in task</sup> but continue to build models. <sup>that</sup> The Centrum dynamic. <sup>whats</sup> it mean to be Rome?

who has previously been seen as responsible to answer the questions of priors who don't know. "What do I do? I'm a new prior and I have to lead a collegium

on a subject I don't know anything about." Plays the role of handing out a lot of stuff. What would happen if allowed them to struggle with the questions without answering.

Decision in Xavierism is to be obedient to demand he places upon us. To figure out what it means to be in charge of the kitchen and responsible for whole globe. Not romantism that ~~xxx~~ being global is to have an international cooking staff or enough montages and maps on the wall.

~~THEXTEAM~~

III. THE TEAM (ELECTION / POVERTY)

Shifted images - Satillo team <sup>to Mexico</sup> We may find ourselves resurrecting that game. *GOING AHEAD w/ no directives. Cruciality of the Team.*  
~~xx~~ not in terms of the six people on my unit, but as understanding that

dynamic without which we are through. Could rip out a team and send it to Halifax and they could do the House.

Election - the team I show up with in either enablement or my post is my election, not my unfortunate situation. Has to do with Covenant.

Being wedded with that body of people. We are the guerillas who go out to wrench out the possibilities of the world. No bureaucratic structures or centrums will last without that

Intensification of work.

Will be related to interior care but even more with our practical action as we turn to the Ecumenical Parish and the guild. That team is what is going to create priorship. Everyone on the team is a prior. No longer way to get off the hook because aren't assigned. ~~xxxxxx~~ When discover whole weight of world on shoulders. No one waking anyone up. I am not assigned, so I won't. Plagued because you know you are responsible to wake p<sup>l</sup>people up if someone didn't do that job, whether assigned or not.

Prep'n for Metro Cadres - Posts / Centers.

Team 13 will please get up and go build -a Metro Cadred in Montana. Need to see to it that those people are prepared to do that this quarter. Nucleus that will not collapse under any circumstances. ~~XXXXXXXXXXXXXXXXXXXX~~

Intensification of Corporateness

External discipline--without that will not have internal discipline. No such thing as one without the other. That dichotomy is nonsense.

Intensification of Care

Polity--everyone decides to get their creativity into the stew on behalf of all men. When a team has invested its life you are ready to ~~listen~~ listen to them and not before.

IV. SOLITARY OFFICE (PURGATION / CHASTITY)

All those "empty" journal books I never finished.

Have discovered solitary office has become an indicative in my day. Go to sleep and find myself charting my day in my mind. Bonhoeffer standing alone and being sustained in that jail. No man can do that without the internal discipline. To be that kind of giant hood. To be that one who

sees through everything to its glory. No longer a parasite on anyone, yet utterly corporate. out of own conscience

~~settling with satan~~

SANCTIFICATION/XAVIERISM/ THE TEAM/ And THE SOLITARY OFFICE: Recreating images of who we are and what we are about for the next twenty years. Refocusing that story is our task.
